Ah—yup, that makes total sense! So, if you're good with the press release page that I created (<http://www2.epa.gov/goldkingmine/epa-data-shows-water-quality-san-juan-river-navajo-nation-back-pre-event-levels>), then I think that ALL of us are ALL done for the night!  
☺

I'll just wait for one final confirmation from you, and then I can pack up!

Thanks!

Tim, we won't be able to post it in our Newsroom webpage until tomorrow morning. I can forward the e-mail to you, but that won't give you something to link to.

Hi George,

Do you have a link to that press release? I can't find it on the EPA website.

Thanks!

I modified the press release ever so slightly, as described below (for the purposes of the Web page which I just created for this press release), and I will post the press release below live on the website concurrently with VOCUS in 2 minutes.

("U.S. Environmental Protection Agency (EPA)" is now just "EPA" – and CO is now Colo. – and N.M. is now New Mexico. It's a postal code thing—minor issue.)

Terrific. Let's pull the trigger on the PR at 10:30

MT. We will run a quick notification with congressionals.
